

What is America Walks?

America Walks is a national coalition of state and local advocacy groups dedicated to making North America's neighborhoods more walkable.

Our member groups range from state-wide task forces to grassroots neighborhood organizations, each working to improve conditions for walking. Individual and corporate members provide additional support.

The mission of America Walks is to foster the development of local or regional pedestrian advocacy groups, to educate the public about the benefits of walking, and, when appropriate, to act as a collective voice for walking advocates.

Through written materials, conferences, our website - www.americawalks.org, and our email listserve network, America Walks advises local advocates on how to get started and how to be effective with public officials, traffic engineers, and others. America Walks also offers a speakers bureau with experts for conferences and other meetings.

Membership Application

Organization: _____
